

## WAR CHEST CAMPAIGN IN FULL SWING IN CITY AND COUNTY; PROGRESS IS FINE

### FIRST DAY SEES ALL UNITS FULLY READY FOR WORK

No Figures Are Available Yet, County Manager McDonald Announces.

### GOOD REPORTS COMING

Savings Accumulated During the War Will Be Thankfully Accepted as Payment on Subscriptions to Soldiers' Chest; Rallies Are Arranged.

Although detailed reports from district chairmen have not yet been received, Campaign Manager D. W. McDonald, at county headquarters, in Uniontown, this afternoon stated that the War Chest campaign was "progressing very satisfactorily." The first day of the two-week drive with the aim of securing a minimum of \$600,000 with which Fayette county, through the war chest, will bear its share of providing cheer and comfort for soldiers and sailors during this demoralization period, saw all district units of the campaign organization mobilized and ready for active service. In several of the 40 districts into which the campaign has been divided canvassing was commenced and individual contributions from various sections made a neat addition to the total of \$108,500 donated by the H. C. Fryck Co. company and the Union Supply company. First compilation of contribution totals will be issued from county headquarters as soon as made available by district chairmen who have received instructions to make daily reports of their work.

County-wide interest is daily increasing in "Fayette county's biggest war job" as the campaign gets under way. Campaign Manager McDonald's statement concerning the drive, sounded as follows: "The campaign is a patriotic drive which will see the return of the soldiers and sailors to their homes, the sacrifices they made and the response to the War Chest must be made to measure the extent of their appreciation. While the war chest is collecting funds for eight distinct relief and welfare organizations the aim of all of them is the same—service to the soldier—and contributions are asked upon that basis. Savings accumulated during the war given to the soldiers is considered by war chest officials as one of the most practical means of answering the War Chest appeal. Liberty bonds will be accepted at face value by all collectors when the pledge made is less than or equal to the bond. A \$50 bond in payment for a \$25 pledge and give the contributor \$25 in change. Such a plan will result in untold confusion. Attractive window cards signed by the district chairman will be given to each individual concern or business house whose employees record a 100 per cent subscription to the War Chest. To be a 100 per cent house, Mr. McDonald explained, this morning does not mean that every employee has simply made a contribution to the War Chest. The pledge of every one in the establishment, he asserted, must be equal to five days' wages. Payments on that pledge given to the collector may be paid in money in installments for five months and in that manner complying with the campaign slogan of "A Soldier's Wage per Month for five months." Competition for a 100 per cent distinction was exceedingly keen in previous campaigns, and present indications are that the War Chest will again produce that friendly rivalry between competing industrial and business concerns.

With the removal of the influenza ban in virtually every district in the county the speaking campaign of the War Chest is assuming definite form. Mass meetings of workers and citizens will be scheduled very frequently in various sections that the aims and purposes of the War Chest may be fully explained. Meetings already scheduled are:

Tuesday—Leisenring, 7 o'clock; Obliquy, 7:30 o'clock; Dunbar, 7:30 o'clock.  
Wednesday—Connellsville, 8 o'clock; Brownsville, 8 o'clock.  
Thursday—Point Marion, 7:30 o'clock.  
Friday—Flatwoods, 8 o'clock.  
Saturday—Farmington, 3 o'clock; Thomadsale, 6:30 o'clock.

Wooda N. Carr, chairman of the speakers' committee, has a battery of public speakers in every section of the county which from day to day he will assign to various places to conduct the meetings. The district chairmen will preside at all meetings.

**Cleveland Carmen Strike.**  
CLEVELAND, O., Dec. 3.—To enforce their demand upon the Cleveland Carmen company, dismissal of women employed as conductors since last August, 2,400 motormen and conductors went on strike at 5 o'clock this morning.

### CHRISTMAS SPIRIT ENTERS INTO THE FUND SOLICITATION

The Christmas spirit enters into the War Chest drive with such force that its appeal is expected to roll in a considerable number of the \$600,000 the War Chest is asking as Fayette county's portion for the year 1919 in financing the eight great relief and welfare organizations in their ministrations to Fayette county soldiers and sailors.

Removal of all restrictions upon Christmas shopping by the government will be the means of producing that burst of excitement in the shopping centers during the next three weeks of eager gift buyers which is so characteristic of the American holiday season. That Christmas shoppers bent on providing remembrances for friends and relatives here at home would not neglect the more urgent duty they owe to American fighters in France, headquarters of the War Chest today issued this pertinent statement:

"Three thousand miles away from home on Christmas Day, five thousand Fayette county young men together with millions of other Americans from all sections of the country will awake upon a Christmas in a strange land far from home. For many it will be the first Christmas away from home. There will be a loneliness which only mothers can appreciate. The outlook for their Christmas will be bleak at the most. But into it will be thrown a ray of sunshine by the soldier relief and welfare organizations. A bit of home will be provided in each of their huts to mitigate that dull aching void of loneliness. The relief and welfare organizations will give your boy as nearly a home Christmas as lies within their power."

### HITCHMAN ORDERED HOME

Former Adjutant of 110th Believed to Be Enroute at This Time.

Miss Peach Honored.  
The report that Captain Hitchman was homeward bound, gave rise on Saturday in and about Mount Pleasant to a rumor that the 110th had been ordered home, but inquiry indicates that Captain Hitchman referred merely to his own home coming, in a cable sent to Mount Pleasant. He has been away from the regiment since August.

### WORKERS HOPEFUL OF REACHING THE GOAL THIS WEEK

Judge J. Q. Van Swearingen, County Chairman, Speaks Tomorrow.

### RALLY AT LEISENRING

Will be Held This Evening to Formally Launch the Campaign in Dunbar Township; Connellsville Township and Borough Canvass on in Full.

Connellsville's War Chest campaign is in full swing today, with a number of workers canvassing the several wards of the city. Contributions to the fund are reported to be liberal, and in an effort to close the drive this week, the canvassers will endeavor to see every person in their territory before Friday.

The report of the first day's work was made at the noon luncheon today, when all the team members gathered at the Masonic Temple. The dinner today was served by the women of the United Presbyterian and Trinity Reformed churches. Tomorrow the women of the United Brethren church will serve.

The report showed a total of \$7,723.25 subscribed with 302 contributors. The teams of W. R. Kenney and A. O. Bixler did not report. There were several large subscriptions reported, among them being \$1,000, contributed by Mrs. Aaron, and \$500 each by W. F. Soisson, F. E. Markell and A. C. Stiekel.

C. W. Downs' team reported a total of 111 subscriptions with a total of \$4,637. Other team subscriptions were: Campbell, \$1,000; Hooper, \$150; Smith, \$350; Davis, \$112; Connellsville township, \$763.25.

At the dinner tomorrow the team workers will be addressed by Judge J. Q. Van Swearingen, chairman of the county organization, and Attorney D. W. McDonald, campaign manager. The War Chest campaign was launched in Dunbar township today. A mass meeting of all the workers will be held tonight at the high school at Leisenring No. 1, where prominent speakers will outline the campaign and the methods under which it is being conducted.

Practically the same captains and team workers which conducted the campaign during the Fourth Liberty Loan drive will handle the War Chest work. The men in Dunbar township are working under the supervision of Charles B. Franks, chairman.

The drive in South Connellsville and Connellsville township is being conducted in connection with the campaign in this city. Teams of both districts are under the supervision of Robert Norris, who has charge in Connellsville, and reports from these teams are received each day at the same time as the local captains report.

### CITY VERY SHORT OF FUNDS AS THE YEAR NEARS CLOSE

Financial Stringency Indicated in Councilmanic Discussion.

### LONG LEAN PERIOD AHEAD

Demand for Increased Rent for Storage of Fire Truck Brings to Light Fact Council Has No Money to Build the Proposed Fire House Annex.

A serious financial stringency confronts the city council. How to meet expenses to the end of the year is a problem, it was indicated at the meeting last evening. How to tide over the lean period between the time the budget is made up and the tax levied and the time the new taxes begin to come in is a more serious problem. No statement of the condition of the treasury was made. "We don't have any" was the reply of Councilman R. W. Hoover, superintendent of finances, when Superintendent M. E. Fryce of the Department of Public Safety inquired by what means money could be made available for the erection of an addition to the firemen's building on the West Side to house the book and ladder truck. E. M. Gross, who purchased the S. M. Grimm garage, having served notice that an increased rental of \$5 per month, making \$25, would be charged for the storage of the truck, beginning November 1.

The financial embarrassment of the city, in the view of Mayor Duggan, as expressed at the meeting, is due to the difference between the cost of living when the last appropriations were made and the present cost of labor, materials, etc. He would be a "wonder" if the mayor said, who would bring a city through without a deficit, when corporations have been forced to find means of increasing revenues when available funds fall owing to the abnormal conditions.

The problem was not solved. There may be something done at a later meeting relative to the fire house addition. Otherwise council will pay the extra charge for storage until it finds itself in position to be a non-feeder.

While discussing finances some one recalled that the city has two trucks that were used in garbage disposal, Council C. W. Utts, head of the department having garbage disposal in charge not being present, Councilman B. L. Berg was instructed to look up Dr. Utts and see what has become of the trucks. He also to have them placed in storage in the city building under Crawford avenue bridge.

Superintendent Berg was instructed to make a start on raising the street at the approaches to the new county bridge over Mount creek at Sligo. The bridge will be ready for traffic as soon as the street is elevated to the height of the bridge, which was raised about a foot. Not until this is done will it be opened, Mr. Berg was informed by the county authorities. An estimate secured by Mr. Berg placed the cost of this work at \$608. But Mayor Duggan was of the opinion that it should not be nearly so much.

By order of council Assistant City Solicitor J. Kirk Renner will have satisfied a lien of long standing against the property of Mr. Ray Boyd (the Joseph Stillwagon property) in East Crawford avenue. Actually the lien was satisfied more than eight years ago but the encumbrance was never stricken from the record. Minutes of council of November 10, 1919 showed that Mr. Renner, who was solicitor at that time, had been instructed to investigate the matter but there is no record of his having reported. No charge has been carried on the books since 1908, Secretary Bixler said, indicating that the account had been settled.

The "work or fight" ordinance introduced several weeks ago came up for passage but at the suggestion of the mayor that conditions have changed since the signing of the armistice it was "held over."

In Divorce Court.  
Mrs. Annie E. Burnworth entered suit in the Uniontown courts for a divorce from her husband, Albert S. Burnworth, on a charge of cruel and barbarous treatment. The couple were married in Cumberland July 21, 1913, and at one time resided at Obliquy.

German Foreign Minister Quoted as Saying Government is Still Undecided What to Do With Hohenzollerns; Thinks They Are Punished.

By Associated Press.

LONDON, Dec. 3.—A demand for the surrender of William Hohenzollern will be submitted to The Netherlands government in the name of all the Allied cabinets, according to the Express. The views of France and Italy have been fully conveyed to the British government and President Wilson has made suggestions relative to procedure in the case.

LONDON, Dec. 3.—The German government is still undecided as to how to deal with the former emperor and the Hohenzollerns, said Hugo Haase, secretary of foreign affairs in the German cabinet, to a correspondent of the Associated Press on Sunday.

"I think," he continued, "they may be sufficiently punished by the international odium they have incurred." Discussing the war, Haase said: "The guilt of starting the struggle lies with both German and Austrian militarists. The government is now investigating the pre-war methods of the foreign office, particularly the handling of secret funds. The results will be published as soon as the investigation is completed."

### "MORALE EXCELLENT" IS RED CROSS REPORT FROM RASTATT PRISON

First Detachment News of 2,300 Prisoners Comes Through Prisoners' Relief Section.

By Associated Press.

WASHINGTON, Dec. 3.—Twenty-three hundred American prisoners of war at Camp Rastatt, Germany, were reported "well organized, well clothed and morale excellent" in a cablegram today to the American Red Cross from Lem G. Levy of the Prisoners' Relief section who has just visited Rastatt. The German authorities, Mr. Levy reported, are willing to release the prisoners at once under charge of 12 American officers, to be transferred from Karlsruhe and he recommends that a train be ordered sent them at once.

This message from Mr. Levy brought the first definite news on this side of the situation at the big Rastatt camp since the signing of the armistice.

### ALLIES GIVE HUNS 24 HOURS TO TURN OVER LOCOMOTIVES

Add to Reuter Dispatch from Berlin Would Seem to Indicate This Course.

By Associated Press.

LONDON, Dec. 3.—A Reuter's dispatch from Berlin today confirms the delivery of the ultimatum, the time limit of which is 24 hours; it says Matthias Erzberger (of the German armistice commission) offered to deliver all the locomotives as soon as they were repaired. The German newspaper, adds the dispatch, points out it is likely the Allies will occupy Germany.

The foregoing comes as an add to a London dispatch which has not been received. It appears to indicate the delivery of an Allied ultimatum to Germany for non-compliance with the armistice terms.

### SEPARATED DURING BATTLE; REUNITED MONTHS AFTERWARD

Sergeant Wilbert Stillwagon and Private Clarence Reagan Met After Each Thought Other Dead.

The story of the meeting between Sergeant Wilbert M. Stillwagon and his uncle, Private Clarence W. Reagan, both members of Company D, 110th Infantry, months after the battle of the Marne, each believing the other possibly dead, is told in a letter from Sergeant Stillwagon received Saturday by his parents, Mr. and Mrs. John C. Stillwagon of Edna street. The meeting took place in a mess tent back of the lines. Uncle and nephew were both wounded in the battle and both had been discharged from hospitals and assigned to non-combat duty. Sergeant Stillwagon has evidently lost part of a hand. The nature of Private Reagan's wounds has not been learned here. Reagan is the son of John S. Reagan, a Civil war veteran, of the West Side. The letter, written by the uncle, follows:

"Dear parents, sisters and brother: A few lines from me written by Uncle Clarence. Now you do not need to worry about us as we have been together for a week and we expect to be together for a little while yet. We are as happy as happy can be because each knows that the other is all right. I went into the mess hall the second day I was here and met Uncle Clarence and both were happy surprised. On my way to this camp I met a Cuneo and a Williams, both of the engineers from Pittsburgh. They were working on the railroad. Uncle Clarence and I are doing duty in the S. O. C. We are getting very good 'eats' here and a good place to sleep. My hand is entirely healed but my finger and thumb are stiffened so I will have to learn a new way to write. Scott (Lysinger) was all right when we last saw him. Well, I am not dead yet and do not expect to be for a few days. I think this cruel war will soon be over."

### PRESIDENT TO LEAVE TONIGHT FOR NEW YORK

When Executive Will Sail For Peace Conference Is In Doubt.

### BIG TRANSPORT IS READY

George Washington, Newly Painted, Lying at Pier to Receive Presidential Party; Germany Delays; Is Not Yet Ready for the Peace Parleys.

By Associated Press.

WASHINGTON, Dec. 3.—President Wilson is expected to leave Washington this evening for New York from which port he and the other American representatives to the peace conference will sail on the liner George Washington for Europe.

The cabinet meeting today was expected to be the final meeting of the President with his advisers either in a body or as individuals, with the exception of Secretary Lansing, who will accompany the President as one of the delegates to the peace conference. With the departure of Mr. Lansing, Counselor Frank L. Polk will become acting secretary of state.

NEW YORK, Dec. 3.—The transport George Washington, newly painted a battleship gray and handsomely decorated, has steam up today at her dock in Hoboken in readiness to carry President Wilson and the peace delegates to France. The exact time of the vessel's departure has not been made public here.

PARIS, Dec. 3.—It appears that the Germans will be unable to hand over all the 5,000 locomotives stipulated in the armistice agreement by December 17, according to the Matin, and it is possible that the Allies will grant more time to the enemy. This will have the effect of delaying peace negotiations, since they cannot begin until the armistice conditions have all been fulfilled. Discussion between the Allied delegations to the peace conference will probably begin on December 20, with President Wilson taking part personally.

WASHINGTON, Dec. 3.—Senator Sherman of Illinois, Republican, introduced today his resolution proposing that the office of president be declared vacant upon President Wilson's departure for Europe, and that the vice president assume the executive's duties. He was given unanimous consent for an address criticizing the President's course.

### "ENBALMED" COOTIE

Mount Pleasant Contractor Receives One From Son as Souvenir.

MOUNT PLEASANT, Dec. 3.—Contractor J. Z. Fox is in receipt of a letter from his son, Wilmer Fox, with Company E, 110th Infantry, enclosing a souvenir from the war. This was sent just after the armistice was signed. The souvenir was, he stated, an embalmed "cootie." The cootie it was explained, had been obtained by dipping in paraffine. The process of embalming had been learned in the trenches, when a drop of the candle had been found to completely cover the cootie.

### BAKER EXPLAINS

List of Slightly Wounded Expected by Mail, Says War Secretary.

WASHINGTON, Dec. 3.—Secretary Baker appearing before the Senate Military committee today to explain the delay in completing the publication of American casualties overseas, said he thought most of the unreported names were those of men slightly wounded and would come by mail.

Senators were unable to understand why only something over 100,000 names have been published when it has been officially announced that the casualties numbered 262,893.

### WOUNDED NEAR HOME

Plans for Distribution Being Worked Out by War Department.

WASHINGTON, Dec. 3.—Plans under which all wounded men returning from France will go to hospitals within 300 miles of the homes of their nearest relatives were announced today by the War Department. Fifty thousand men are expected to be sent to these institutions within the next four months.

The ticket sale for the minstrel to be given at the high school auditorium tomorrow night by the soldiers from the United States General hospital at Markleton, opened this morning. Well-Known Scottsdale Man Stricken While in Military Training.

Joseph A. Yahner, 24 years old, one of the best known young men of Scottsdale, died this morning at 2 o'clock in a hospital at Allentown of influenza-pneumonia. He was taken ill while in military training at Lehigh University at South Bethlehem and had been in the hospital at Allentown since November 15. His parents, Mr. and Mrs. V. W. Yahner, of Scottsdale, who were summoned to his bedside, returned home last Thursday, believing their son to be out of danger. J. Alex Yahner, who had been with his brother since his illness, remained. Later word was received by the family stating that the patient had suffered a relapse and Mr. Yahner left at once for the hospital. The body will be brought to Scottsdale, possibly tomorrow, after which time arrangements for the funeral will be made.

Mr. Yahner was born at Scottsdale and spent all his life there. At the time he enlisted in military training he was employed in the engineering department of the H. C. Frick Coke company at Scottsdale, resigning his position to offer his service to his country. The deceased was a member of St. John the Baptist Roman Catholic church and of the Knights of Columbus of Scottsdale. In addition to his parents he is survived by the following brothers and sisters: Frank A. Yahner, of Uniontown; J. Alex Yahner, an employe of the H. C. Frick Coke company at Scottdale; Valtie Yahner, attached to the Signal Corps, stationed at Fort Wood, New York; Mrs. J. A. SCOTSDALE, Dec. 3.—The Scottdale board of health held a meeting last evening at the office of the secretary, Dr. N. E. Sillsley, at which the influenza situation was discussed. Influenza is increasing in Scottdale so that the board felt it was necessary to take some measure concerning the closing order again. No closing order was issued last evening but the data was gathered and the matter taken up with the state board of health for an opinion.

Eighty-seven new cases were reported to the board last week with 18 new cases Sunday and 15 on Monday. The 87 cases for last week is almost triple that of the previous seven days which averaged either 31 or 32.

J. Ray Schwartzendruber, a former Scottdale boy, lately employed as an interior decorator at Cleveland, Ohio, died at his home there on Sunday morning from pneumonia, following influenza. The body will arrive here today on the 2:47 train in charge of Undertaker J. I. Murphy and be taken to the home of his uncle, J. L. Schwartzendruber at 114 Loucks avenue. Funeral services will be held Wednesday afternoon at 2 o'clock and interment will follow in the Scottdale cemetery. With his wife, who was Miss Vera Gallentine of this place, there survives his father, William Schwartzendruber, who has been at Cleveland. Just two weeks ago Mr. Schwartzendruber visited friends here.

Mrs. Thomas Fazenbaker, aged 35 years, wife of Thomas Fazenbaker, died yesterday at her Grove street home of influenza. Funeral services will be held today and interment will follow at the St. John's cemetery. Mrs. Fazenbaker's four children are ill with the influenza.

## JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Connellsville woman says:

Mrs. Lizzie Knight, 461 Francis Ave., says: "For years I was almost crippled with my back and couldn't find a remedy that would help me. The pains across my loins were severe and I lost strength and was tired all the time. I could hardly get around the house to do my work. I had dizzy spells and headaches and my sight blurred. Colds settled on my kidneys. I was simply miserable with kidney trouble, but I found a cure when I began using Doan's Kidney Pills. Two boxes made me well and I have been entirely free from kidney trouble since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Knight had. Foster-McBum Co., Mfrs., Buffalo, N. Y.—Adv.

## Acid-Stomach Makes Bad Blood, Headaches and Nervousness

Many times you have seen an awfully bad, weary looking face that makes you think—"It's blood poison." You are wrong, for about nine times out of ten it is caused by an acid-stomach, which interferes with the natural digestion of the food in the entire digestive tract. Of course, this makes the blood impure and it always shows up in the face, with a red nose and pimply, blotchy, muddy, bad looking complexion. Get rid of the excess acid, keep your blood pure, and see how quickly the face will show it with good looks.

Remember, too, that when you eat—no matter how good the food, if the digestion is faulty, you cannot escape the penalty in the loss of power, mental and physical. All this is the result of impurity, as the doctor calls it. Then again if you eat more food than the body requires, it is converted into gas by fermentation, or what is called sour stomach. This shows that even good food, taken in excess, can at once become a poison and a hindrance to good health.

Excess acid also causes irritation in the stomach, intestines and the nerve fibers, which, by the million, run from the stomach and the intestines all over the body and directly to the brain. This is frequently the cause of those awful headaches that so many people are afflicted with. In time it will develop into hyper-chloridia; it is the prime cause of indigestion, then nervous indigestion, melancholia, and frequently, insanity.

Nervousness is caused by sour stomach, because this acid fermentation causes decomposition, makes carbon dioxide and other toxics, which, taken into the blood, irritate the nerves and affect the entire nervous system. In this manner it creates nervousness and you often hear people say, "I am so nervous that I just think I will fly to pieces," and little do they attribute the cause to an acid condition of the stomach.

A new method of removing this excess acid has been found. Read what a learned Michigan physician wrote his success with it: "I have had such wonderful success with a new method called EATONIC that I want everyone to know how

quickly it will neutralize the acidity and the stomach will soon be sweet and normal again, and the sick man will be happy once more."

This truly wonderful modern remedy, EATONIC, literally wipes out the excess acid. It does the work easily, speedily and thoroughly. It makes the stomach pure, sweet, cool and comfortable. It helps you get full strength out of every mouthful of food you eat, and unless you DO get full strength from your food you cannot enjoy robust, vigorous health.

Try EATONIC and see how quickly it banishes the immediate effects of sour, acid-stomach—bloat, heartburn, belching, food-repeating, indigestion, etc.—how quickly your general health improves—how much more you relish your food—how easily your food is digested—how much better you look—how soundly you sleep—how nervousness and irritability disappear.

It is so easy to get this help—and it costs so little. So why suffer another hour when sure, quick relief is at hand? Everywhere people who have used EATONIC testify to its power to bring quick relief. The testimonials of some of these people are so enthusiastic and tell of such remarkable relief as to be almost unbelievable.

If you are one of those who have "tried everything," but in spite of it are still lacking in physical strength and vigor, begin at once to take EATONIC. Don't put it off. Get back your physical and mental punch. Have the power and energy to work with vim. Enjoy the good things of life. Learn what it means to fairly bubble over with health. Like thousands of others, you will say that you never dreamed it possible that such a wonderful change for the better could be brought about so quickly.

So get a big box of EATONIC from your druggist today. Our guarantee that EATONIC will please you is the best proof that it will and you can trust your druggist to make this guarantee good. If it fails in any way, take it back—he will refund your money. We don't want one penny unless EATONIC helps you. If your druggist does not keep EATONIC write to us and we will send you a big 60c box. You can send us the 60c after you receive it. Address H. L. Kramer, President, Eaton Remedies Company, Cor. Wabash Ave. and 17th St., Chicago, Ill.

## A MESSAGE THAT DIFFERS.

In the President's address to Congress yesterday there was an apologetic note strangely in contrast with his previous utterances before the joint sessions of the two houses. His words failed to arouse anything like the degree of enthusiasm as expressed by free and vociferous applause upon former similar occasions. Heretofore he has pressed his views upon Congress with both boldness and vigor. Yesterday he spoke in only mildly persuasive terms, when not actually begging support or pleading extenuation for certain of his acts of administration and official conduct.

His plea that his presence at the peace conference was necessary on the ground that it is "my duty to play my full part in making good what they (American soldiers) offered their lives to obtain," fails to convince the public and Congress that it is either wise or prudent for the Chief Executive to absent himself from the country when great problems are pressing for early solution at home.

Even if the peace conference has accepted the "14 points" enunciated by President Wilson as the basis of peace negotiation, the message does not carry the assurance that by the participation of the President in the conference the United States will not demand precedence in its claims or contentions over all other Allies at the peace table. Neither does the message concede that the "deciding voice" in the terms of peace and the terms of punishment to be inflicted upon Germany shall be accorded to England, France, Belgium, Italy and Serbia, who, having fought for self-preservation and for civilization for two and a half years before we entered the struggle, know from bitter experience what this war has meant. Instead of making clear and specific declaration upon these practical phases of the peace conference the message deals with idealistic generalities and an attempted justification for the precedent-breaking trip of the President and his entourage to the scene of the conference.

One of the most significant features of the message is the admission that the President has no confident judgment of his own upon a solution of the railroad problem created by the assumption of government control during the war. His present attitude indicates a weakening on the ownership and control proposition to which he earlier gave rather cordial assent, which has doubtless been affected by the outspoken public demand that state socialism shall not be allowed to fasten itself upon our government. On the whole the message shows a staid, but perhaps unwilling, regard for the return to Congress of its rightful functions as the legislative body of the nation, in which respect this state document differs most widely from those that have preceded it during the present administration.

## MAKE IT REAL.

There will doubtless be many homesick boys in France during the long days that must ensue before the order comes for them to embark for home. Even if conditions permit the early withdrawal of the American Expeditionary Forces the mere problem of transporting them back to camps for demobilization will require months of time. During the period of comparative inactivity overseas, the longing for home is going to seize the boys more persistently than it did in the weeks following their arrival on foreign soil. Then the novelty of new surroundings, among a strange people and the certain prospect that sooner or later they would be taking an active part in beating the Hun down to utter defeat, prevented their thoughts dwelling too seriously upon faces and scenes they had left behind in the homeland. Some depression was experienced by the boys after their arrival, of course, but they had the stimulus of future participation in the actual business of war to sustain them. To offer them solace and to protect them from the forces of evil that in other wars have sometimes made army camps plague spots in the communities, and to keep them as far as is humanly possible physically, mentally and morally fit for the great undertaking upon which they had embarked, the war work agencies were provided. Now that the circumstances under which the men are retained in France have changed greatly, the need has become much the greater for effort to be made to still keep these young men strong, clean and fit so long as they are in their country's service.

This fact is not only recognized by the War and Navy Departments, but is by them, through President Wilson, that the war work agencies were combined as a unit in a campaign to carry on the magnificent and necessary work that has produced

such splendid results up to this time and has been the direct cause, in the judgment of the military authorities, in increasing the efficiency of our men at least 10 per cent as mere fighters, not taking into account the actual saving in thousands of lives of our finest young manhood. The whole purpose, on a large scale, of these agencies is to substitute things that are good for things that are bad outside and adjoining the camps where our soldiers are quartered and to provide for them, as nearly as it is possible, that kind of service and interested attention as will fill the void in their lives resulting from absence from the influences and associations of home.

Those rendering this service have shown such an unselfish disinterestedness in the welfare of the boys under their care that the strongest affection has developed between those serving and those being served. Almost every letter from a soldier or sailor speaks in the terms of highest praise for these workers.

"How," asks Ex-Governor Herrick of Ohio, who has been so much interested in promoting these war camp activities, "can men working with such a spirit as these workers have shown, fail to spread it among those for whom they are working? How can our men in uniform fail to know that it is not merely lip service, or mechanical physical service, but real heart service that they are receiving? They don't."

The best thing about this service, as the soldiers and sailors have so abundantly testified, is that it is real service and those who render it mean it. That is the spirit we must all manifest during the War Chest Campaign. Give reality to our service by making a real gift, not an unwilling contribution, to this worthy cause.

The H. C. Frick Coke company's handsome gift of \$100,000 to the Fayette County War Chest ought to spur the rest of us to proportionate generosity, and it will.

The demobilization of the coke control army has begun.

It is singular, but still a hopeful sign, that the verdict of the 5th of November should operate to create a lack of "confident opinion" among certain Democrats of high degree and develop a confident hopefulness upon the part of Republicans of all degrees.

Even the weatherman has enlisted in behalf of the War Chest drive. He is doing his best to assure its success. Are you?

Aviator Reid, like many other travelers, is convinced that the route of the "picturehouse B. & O." is, after all, the safest pathway eastward.

A new question arises to perplex us during the exodus of official Washington to Europe. Are we to call him "President" Marshall, or Vice President Marshall, "Acting President?" In any event we can safely assume that he will be some actor.

Congress evidently needed a cheer leader yesterday.

## THE RETURN OF PEACE.

The mother of the coming year  
Will sing the sweet, old lullabies  
And calm with love the babies' fears  
And sleep with peace the tired eyes.  
And in the summer days to be,  
The barefoot boys will romp and run.  
There will be smiles for all to see  
As soon as war's mad rage is done.  
The fires within the grates will burn  
As brightly as they did of old.  
And much the children then will learn  
From all the stories that are told.  
Then laughter will be heard once more,  
And little ones in evening's gloom  
Will watch beside the cottage door  
To see their fathers coming home.  
Love will come back to life again  
And hate and strife will pass away.  
Only the winter's snow and rain  
Shall keep the children from their play.  
Then men will neighbor as of old  
And talk of friendly things and fair.  
When once the fire of war grow cold,  
There shall be joy for all to share.

Fear not! The victory has come,  
And all the thundering cannons cease.  
The bugle and the rolling drum  
Now sound the stirring notes of peace.  
And soon shall pass the flood of tears.  
Beneath our starry flag above,  
The mothers of the coming years  
Shall smile and sing their songs of love.

### MEMBERS OF MT. PLEASANT BOARD OF HEALTH QUIT

President Shelar Declines to  
Serve Under State  
Health Head

SECRETARY M. A. KING, ALSO

Resignations Are Tendered and Ac-  
cepted at Council Meeting; Borough  
Pays Its Share, \$500, on Cost of  
the Emergency Influenza Hospital.

MOUNT PLEASANT, Dec. 1.—Council held a meeting last evening at the borough building when the resignations of President J. W. Shelar and Secretary M. A. King of the board of health were read and accepted. They are to take effect the first of the year. Dr. Shelar declared he would not serve under Dr. D. Franklin Royer, state health commissioner.

Bills were read and paid. S. C. Stevenson and N. M. Crusan, the committee reported to have charge of the borough's part in paying bills for the emergency hospital, reported that the bills that were in and totaled \$1,395, and that the borough had put in its \$500 and that the H. C. Frick Coke company had paid \$500, and had spent about \$200 extra for nurses. This leaves about \$395 for the Red Cross to pay and the cost of the medicine for the Jacob Justice dispensary to bear. The committee was discharged with thanks. Six thousand dollars worth of bonds that are out were ordered called in and paid. A motion was adopted to appoint a special committee of four, with the borough and president of council as members, to devise means for providing a way for erecting a memorial to the boys who went from this town and vicinity to the world war. On the committee were appointed S. C. Stevenson, F. E. Painter, C. E. Galley and Ernest Copeland.

Miller Family Relieved. Mr. and Mrs. Joseph Miller, who had not heard from their son Ralph since a letter dated July, have received another stating that it was impossible to write as he had been on the firing line for 69 consecutive days. Miller is a member of the heavy field artillery.

Personal. Mr. and Mrs. George Teitelbaum are the proud parents of a son born Saturday at the hospital.

Miss Eva Timothy, a Red Cross nurse, is home on a leave of absence from the Cape May hospital.

Mrs. N. A. Cort returned home Saturday evening from Cape May hospital where she visited her son, Captain Thomas Cort.

### SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once. When Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acid in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.

### THIEVES CARRY OFF SLOT MACHINES AND GET NEARLY \$100

Deputy Sheriff Surprises Intruders at Dickerson Run, but They Make Good Their Escape.

DICKERSON RUN, Dec. 3.—Richard Sidow, who runs a pool room and confectionery at the end of the West Penn car line, was the victim of thieves Wednesday night. A large window was broken and all that was required then to gain entrance was to trudge in and turn the night latch. Two slot machines were taken. They were later found at the old power house by Deputy Sheriff Charles Cramer. Cramer surprised the thieves at work breaking open the machines. They fled on the approach of the officer, taking the contents of the machines, which amounted to nearly \$100, with them.

### COMB SAGE TEA IN HAIR TO DARKEN IT

Don't Stay Gray! Here's an Old-Time Recipe That Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

### CATARRAH DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises, get to your druggist and get 1 ounce of Parmlin (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from distressing head noises. Closed no. str. should open, breathing become easy and the mucus stop dropping in to the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

# KEEP THE HUT FIRES BURNING AND THE VICTORY BOYS SMILING

GIVEN HONORARY FLAG

A Hut is your boy's home over there. It may be a shed, or a tent, or a fine old chateau, or a hotel--during hostilities it was, oftentimes a battered little shack--but it's a place to rest, to get warm; a place to smoke or get a hot drink and hear somebody talk United States. It's his church, his theatre, his school and his club. It's where, most times, he writes you those eagerly awaited letters.

Keep the Hut Fires Burning, for it's your insurance that the period of demobilization will not be a period of demoralization through lack of thought and money from the folks at home.

The Fayette County War Chest will provide Fayette county's share toward keeping the hut fires burning, toward continuing the great work of the eight war relief and welfare organizations included. Don't think for a moment your boy cares whether The Hut is run by The Knights of Columbus, or the Y. M. C. A., or the Jewish Welfare Board or The Salvation Army; he knows what he wants, and he knows what he'll get, no matter the uniform the folks in charge are wearing.

Your boy knows what real democracy means. He helped to make it something bigger and better and finer than it was before. He's the world's greatest authority on democracy today. Your Boy Appeals to You to Support the War Chest for the War Chest will do our share in keeping the hut fires burning; the Yankee spirit indomitable; in bringing him back the same as he went away, safe in body and mind.

## Fill the War Chest for God and Country; There Can Be No Sidestepping --

Your pledge to the War Chest will be divided among the eight officially recognized war relief and welfare agencies. You help maintain the wonderful work of The American Red Cross in succoring the sick and wounded and starving, in supplying the needs of the soldier and his dependents back home, and you help make possible during 1919 the soldiers' and sailors':

- 3,600 Recreation Buildings
- 1,000 Miles of Movie Films
- 100 Leading stage stars.
- 2,000 Athletic directors.
- 2,500 Libraries supplying 5,000,000 books
- 85 Hostess Houses
- 15,000 Big Brother "secretaries."
- Millions of dollars of home comforts.

—and the abiding faith of your service here in your loyalty and thoughtfulness and prayers for him in his journey, every step of the way.

Don't wait to be asked to subscribe.

In making your pledge to the Fayette County War Chest you make a single pledge for all of 1919 for a single purpose. These pledges are payable monthly, if you prefer, for five months. Your minimum gift should be a day's wages a month for five months. When you make your initial pledge, if it is for more than \$1, and of course it will be, you will be enrolled in the Christmas roll call of the Red Cross and listed as a member of this great humanitarian organization.

When the War Chest is filled to overflowing no other demands will be made upon you for all of 1919. The War Chest asks for a minimum of \$600,000.

## GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia to Overcome Trouble Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach aches.

Food fermenting and souring, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition, or to treat with ordinary digestive aids, which have a neutralizing effect on the stomach acids. Instead, get from any druggist a few boxes of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and sourness out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no uneasiness or pain. Bismarck Magnesia (a powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Adv.

## FEARED BOTH LEGS WERE GONE AFTER A SHELL EXPLODED

Sergeant Bernard McGovern, Dunbar, Escaped, However, With Wounds in His Ankle.

How the Boche got Sergeant Bernard McGovern, Company G, 325th Infantry, is told in a letter to his brother, Michael McGovern, dated October 18, which reads as follows:

"I hope this letter finds you well, as this leaves me feeling pretty good this morning. I saw mostly all the Dunbar boys not so very long ago, including Baker, Porter, McManey and Bert's brother. What do you think of Nick Polkster and I running into each other. No one at home would ever know him. He is almost as fat as yourself and, like most of the rest, has changed a whole lot in his ways. He says when the big ones start whistling near that he picks out a corner and thinks about his prayers."

"Well, brother, what do you think of me getting into the road of one of those big shells? On October 18 we were starting a hard battle. In fact, we tried to take this place the day before and the Boches drove us back and killed the lieutenant in charge and a few others. So you know the next day we were sore, and surely were willing to give them back. When I was there were another sergeant and I in the same hole. It blew me out and turned me so that my face was down. I knew what was up but was afraid to look for fear both my legs were gone."

"Then someone came and got the other fellow and said to me, 'Take off your mask; the gas is not strong here.' I crawled down the valley to where there was a German dugout. I took my shoes off and found that I had three wounds, one through one ankle and two through the other. I had about 50 miles ride to the evacuation hospital. There I remember being placed on the operating table and the doctor started to hold his hands over my nose and told me to breathe. I awoke in bed, stayed there for a day and was placed on a hospital train and rode for 36 hours. I will be here until I get better, which will be a couple of months. I consider myself very lucky when I look around, for there are a bunch worse than I am."

In a letter of November 8, Sergeant McGovern says:

"I had another operation since I wrote you before. I got over it and have begun to feel like still being able to look on life. They missed a small piece of shell that was in my left ankle on the first operation. I have the piece for a souvenir. It is about an eighth of an inch in size. I am now getting on fine."

## PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit. Watch the kidneys.

The kidneys are the most overworked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration, and often do turn into deadly Bright's disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, high colored or sandy urine, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble stop after the cause at once. Go to your druggist immediately. Get a trial box of GOLD MEDAL Haeffem Oil. Capsules imported direct from the laboratory in Holland, where they have been in use for over two hundred years. They will give almost immediate relief. If for any cause they should not work your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes—Adv.

It is a simple, harmless preparation that removed the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. A. A. Clarke and druggists everywhere.—Adv.
